This Week

This week we continued our Drip, Drip, Drip topic. We made spinners to show our understanding of the water cycle and carried out experiments to investigate evaporation and condensation. 

In literacy, we created Higher Order Thinking (HOT) questions about evaporation and condensation to quiz our classmates. We continued working in our reading groups and retold our stories in a comic strip. We have been working on the // sound in spelling. All pupils have a spelling pyramid in their homelearning jotter to practice.

We learned to play the G chord on the ukulele and played and sang the song 'B I N G O' using the G and F chord on the ukulele. 

We have used our knowledge of fractions to describe the volume of containers such as 1 litre and a half. We have continued to practice the 2, 5, 10, 3, 4 and 6 times tables.

In French, we have been learning weather vocabulary and practicing this by playing online games and discussing the weather each morning.

Craighall and Argyll had their first Trinity Together of the year this week which focussed on sustainability.

We enjoyed our basketball taster session. We learned to dribble with the ball in alternate hands and learned to shoot a basket. Lots of pupils are now keen to sign up to the Active Schools Club running on Mondays at 3:15pm
