

P5 Homelearning Challenge

Each week you must complete a reading challenge based on your Bookopoly game (played at school) and at least one brick of your choice.

Homelearning should be shared with somebody at home so they can help you as you are completing your challenges. You will have an opportunity to share your homelearning every Friday. Please ensure that you bring your homelearning record each week. Think carefully about how you want to show your learning-

Last homelearning date: Friday 12th October **make. say. write or do**

Maths + Numeracy

Create a game for the class to play to help us learn about rounding numbers OR about place value up to 1,000,000

MADD around the World

Research your country. Can you find out something that fascinates you about your country?

Think about how you are going to show your findings i.e. power point, poster or leaflet

Outdoor Learning

Explore the great outdoors... tell us about your adventure.

Pacific Ocean

Create a map showing the Pacific Ocean with its countries and islands. Think creatively about how you could show your learning.

Numeracy

Select a times table you're not confident with and learn it.

CHALLENGE: time yourself! How many questions can you answer in 1 minute?

Own choice...

Writing

Write about a new animal you have invented. Remember to use the correct punctuation and some amazing adjectives. You could also draw a picture of your new animal.

School values

Make, Say, Write or Do to demonstrate our school values.

- kindness
- perseverance
- respect
- creativity

you could DO some random acts of kindness

you could make a comic!

Numeracy

Log on to Sumdog and improve your numeracy skills
