

Trinity Primary School

Primary 3 Bulletin

Friday 5th October

This week we have been experimenting with different materials to work out which ones would make the best insulator. As part of our focussed reading we have been identifying verbs. We then used our knowledge of verbs to write Autumn poems.

In Maths, we have been investigating properties of 2D shapes and looking at pattern. We have also been exploring adjectives in the game 'guess the twig' as part of our outdoor learning.

Next week..

- P2 Show
- Maths: Symmetry
- Literacy: Common words
- Science: Material World

Homelearning is shared every Thursday.

P4 are looking for Egg boxes to sell the Trinity eggs. Pupils can bring in any empty boxes and we will pass them on to P4.
Thank you

Information

- a full water bottle
 - gym kit
- Please can all pupils' clothes be labelled.**

Trinity Superstars are:
